4. **Secretary's report:**

Ocean contacted CADISPA about the question raised by Stan at the last meeting, which was blocking the Moorings Committee for moving forward. Rhona from CADISPA was able to help and forwarded the request to Mike MacKenzie who has been through this process with his community group. Mike sent an e-mail answering the questions about liability and professional survey and this will be passed on to Greg Lane who will be taking over from Stan.

Ocean wrote to Andy Anderson giving our support for the continuation of CADISPA.

Rhona from CADISPA says that their funding has been assured for the next 3 years although they may need to find other premises away from Strathclyde University.

It is time for the newsletter to go out to the membership. All the subgroups will send a paragraph or two, with pictures if there are any, to **Ann** who is PR Officer and she will put together the newsletter. Please add any requests for help and information.

Whatever the server all connections come through BT at the moment. **Stuart** will handout a survey form from the Post Office to collect information on local peoples internet speeds and then see if it is worth doing anything.
